HEXTOL
FOUNDATION**

FOR WORKING OPPORTUNITIES

Gardening Services

The Hextol Foundation

We are a charity that offers working opportunities and job based training to people with learning disabilities and mental health needs across a number of professional services including: Gardening; Catering; Mail sorting, and Warehouse work.

Our Gardening Service

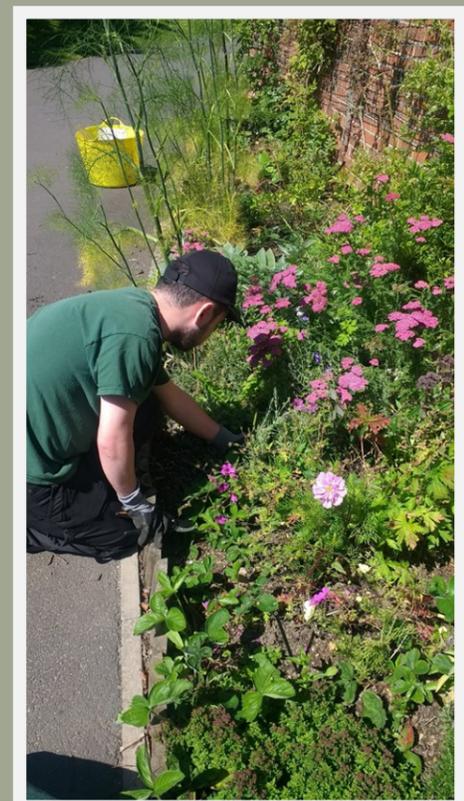

Our gardening teams comprise of qualified, professional supervisors, working alongside volunteers with learning disabilities or mental health needs.

We are able to look after your grounds and gardens to a very high standard, and cover all the areas of garden maintenance such as: grass cutting; border care; pruning; leaf clearance; weed control; tree & hedge care.

We are also able to design and develop gardens in line with customer requirements.

Working opportunities for people with learning disabilities

Our unique approach offers a mutually beneficial relationship. It enables your gardens to receive an excellent care, whilst helping provide people with learning disabilities the opportunity to develop essential job skills, improve their self esteem and gain confidence.

Examples of our work

We have been looking after the gardens at a number of schools and private gardens providing ongoing maintenance throughout the seasons. As well as maintaining the outside areas we have created many brand new garden spaces. Below is an example of a memorial garden we created at a primary school, designed with the help of year 6 pupils in memory of their late class mate:

Before

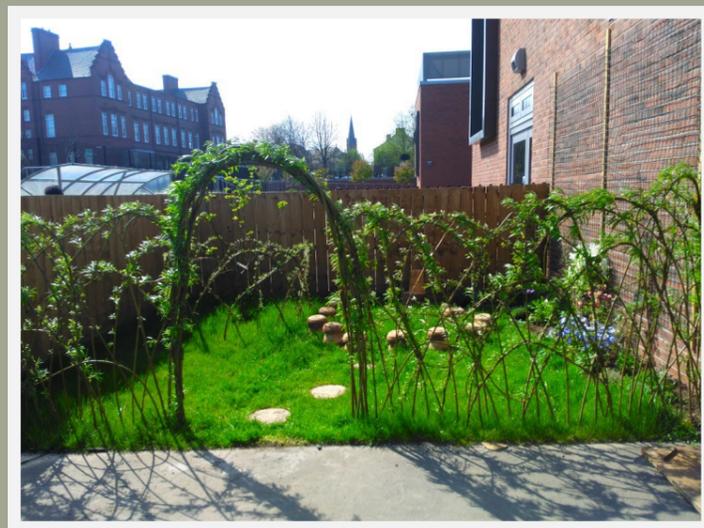

After

Another example of our work is seen below in a storytelling garden created for nursery aged children:

Before

After

We have many domestic customers whose private gardens we maintain and develop in both Hexham, Newcastle and the Tyne & Wear area.

Why choose Hextol to look after your Gardens?

1. Your gardens need looking after all year round. We can provide that service with a team comprising of a qualified gardener and a team of volunteers .
2. We can design and create new garden spaces for you as and when required.
3. In return you can help us provide work experience placements for some talented people who simply need an opportunity in order to flourish.

The Hextol Foundation

We are a charity that offers working opportunities and job based training to people with learning disabilities and mental health needs across a number of professional services including: Gardening; Catering; DIY; Administration, and Warehouse work.
